HAND PLANES: IDENTIFICATION, REFURBISHMENT and SHARPENING

Presented by Guild member Ken Quade

We were married while I was in the army and were usually in furnished lodging including furniture by the military so having furniture wasn't a priority until we left the service. After leaving the service, we weren't rich but liked decent, well made furniture so we decided we could build our own. That took tools, but power woodworking tools were expensive, took up lots of space, and for a while, we tended to move fairly often, so we started looking for hand tools, mostly planes of various types. Early on, being ignorant and if the price was right, we would buy planes even if we didn't know what they did or the condition they were in. Later, we learned to look for planes that performed specific useful functions. Consequently, we ended up with lots of planes of various types and learned how to refurbish them and make them functional. There are many types of hand woodworking tools, but of them all, planes are probably the most useful.

This presentation will be an introduction to many of the various types of planes, and describe how to evaluate their condition and how to recondition them, including the fundamentals of sharpening.

Annual Officer Elections

The June membership meeting is fast approaching. Our Constitution and By-laws require we give at least a 30 day notice for election of officers or changes to the by-laws.

Please consider supporting your guild through serving on the board. If you are interested, contact me and I will send you a list of duties for any position you may be interested in. Most of the people now serving have been in those positions for quite awhile and are willing to let someone else step in.

This is a list of positions, President, Vice President, Second Vice President, Secretary, Treasurer, News Letter Editor, Web site manager, and Librarian. The Vice President is chairman of the program committee; Second Vice President is Chairman of public relations committee. The Secretary records the minutes of the directors meetings. The Treasurer receives all monies and makes disbursements in the name of the guild. Reserves the meeting room, renews the insurance and raffle permit, completes the annual state incorporation data, files form 990N post card for taxes. The Editor publishes and distributes the monthly news letter and keeps the web site up to date. The Librarian maintains the guild library, sends out over due notices, records the monthly meetings and places a copy in the library.

Please consider volunteering for one of these positions. You can contact any board member or let me know of your interest.

Other guild needs

Along with board positions, we are in need of someone to take over as chairman of the spring show. Steve Lockhart and the other members will work with you to get started.

We are also looking to add a few people to form a finance audit committee. You would verify that we are managing the guilds money in a responsible manner. This would be a once a year duty.

If you have web experience, we would like to split the news letter editor position and web manager position to make the position easier to handle

Thanks for your support of your guild.
